MEMORANDUM

TO: The Contracting Community

FROM: Ben Coaker, P.E.
State Contract Engineer

SUBJECT: Revision of pay items numbers

Effective for all projects advertised after May 1, 2023, Construction Division will be utilizing the revised format for all pay items. The revised format will directly reference the specification section number, Pay Item Type, and Spec Book Year. A graphical description to the new format can be found on the VDOT Construction Resources page at the following [link](#).

You can find a current listing of the pay items in the revised format, also showing the former specification number on the VDOT Construction Resources page at the following [link](#). This document will be updated periodically as new pay items are added, modified, or deleted so please reference this link for the current version.

If you have any further questions, please reach out to the Specification Section via email at specifications@vdot.virginia.gov
