

## **VDOT's Highway Contractor *Prequalified (P) Level***

Your firm's prequalification documentation demonstrates that your firm has met or exceeded the minimum Prequalification Score of 80, the minimum Contractor's Performance Score (CPE) of 85, and the minimum Safety Index Score (SIS) of 70. Your firm has earned the "Prequalified" Level of Qualification. With this level of prequalification, your firm may bid on all projects up to your firm's bonding ability.

### **Expiration and renewal**

Prequalification privileges are for a limited period of time. The **expiration** date is posted on your firm's listing on the "*Current Prequalified Highway Contractor's List*" on our webpage. New prequalification forms are due in the Prequalification Office prior to the first day of the expiration month.

By the anniversary of the first day of the expiration month the items listed in the "*Submission Guide*" will need to be submitted. If the firm does not renew at that time and a firm's prequalification has lapsed then the firm must begin their year cycle for prequalification with a submittal of a "*Prequalification Long Form Application*." (C-32)

Below are the set months of expiration for firms name *starting* with the letter or if the firm has a formal person's name, the first letter of the last name.
