Is this request for a New specification or a Change to the 2014 Draft Road and Bridge (R&B) Specification.

New What is the purpose of the new specification?

Change What is the purpose of the change to the 2014 Draft R&B Specification?

Attach copy of existing specification with change(s) shown – (Suggest using “track changes”, colored text, or strike through as appropriate)

Are there other sections of the Specifications that will be affected by this proposed change or new specification?  Yes  No

If so, please identify these sections and how they will change. Attach these to your request.

Who was involved in the development of the new specification or proposed change?

What is the impact of not implementing/changing the specification?

Is there a cost impact? If yes, what is the cost impact of the implementation/change? (preferably by unit, i.e. extra cost per Ton)

Please provide any additional comments.
